Empty Bowls events are designed to raise awareness for the fight to end food insecurity in local communities.

50+ Sacoee Valley Middle School students stayed after school since November making over 250 bowls. Students had the opportunity to work with local potter Donna Ray on the pottery wheel,

as well as learn a variety of hand building techniques.

For a small donation, attendees will receive a delicious homemade soup or stew, beverage and dessert. Proceeds will be donated to local food pantries.

Meat, vegetarian and gluten free options will be available!
